Safety Data Sheet

Section 1: Identification

Product identifier

Product Name · EcoPCO ACU Insecticide
Synonyms · EPA Reg. No.: 89459-59
Product Description · Colorless aerosol spray.

Relevant identified uses of the substance or mixture and uses advised against

Recommended use · Insecticide.
Restrictions on use · KEEP OUT OF THE REACH OF CHILDREN. Keep away from heat, sparks and flames. Do not take internally. Avoid contact with eyes and skin. Avoid inhalation of vapors or fumes.

Details of the supplier of the safety data sheet

Manufacturer · Central Garden & Pet Company
1501 E. Woodfield Road, Suite 200W
Schaumburg, IL 60173
United States
www.zoecon.com

Emergency telephone number

Manufacturer · 1-703-527-3887 - CHEMTREC - Outside North America - Collect Calls Accepted
Manufacturer · 1-800-424-9300 - CHEMTREC
Manufacturer · 1-800-248-7763

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture

OSHA HCS 2012 · Aspiration 1
Flammable Aerosols 2
Skin Irritation 2
Specific Target Organ Toxicity Single Exposure 3: Narcotic Effects
Eye Irritation 2A

Label elements

OSHA HCS 2012
DANGER
Hazard statements
• Flammable aerosol
  May be fatal if swallowed and enters airways
  Causes skin irritation
  May cause drowsiness or dizziness
  Causes serious eye irritation

Precautionary statements
Prevention
• Avoid breathing dust, fume, gas, mist, vapours and/or spray.
  Keep away from heat, sparks, open flames and/or hot surfaces. - No smoking.
  Pressurized container: Do not pierce or burn, even after use.
  Wash thoroughly after handling.
  Wear protective gloves/protective clothing/eye protection/face protection.
  Use only outdoors or in a well-ventilated area.
  Do not spray on an open flame or other ignition source.

Response
• IF ON SKIN: Wash with plenty of soap and water.
  If skin irritation occurs: Get medical advice/attention.
  Take off contaminated clothing and wash before reuse.
  IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
  Do NOT induce vomiting.
  IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing.
  Call a POISON CENTER or doctor/physician if you feel unwell.
  Specific treatment, see supplemental first aid information in Section 4 - First Aid Measures.
  IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
  If eye irritation persists: Get medical advice/attention.

Storage/Disposal
• Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
  Store locked up.
  Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.
  Store in a well-ventilated place. Keep container tightly closed.

Other hazards
OSHA HCS 2012

Section 3 - Composition/Information on Ingredients

Substances
• Material does not meet the criteria of a substance.

Section 4: First-Aid Measures

Description of first aid measures

Inhalation
- IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing. Call a poison control center or doctor if you feel unwell.

Skin
- IF ON SKIN: Wash skin with soap and water. If skin irritation occurs: Get medical advice/attention.

Eye
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Ingestion
- IF SWALLOWED: Immediately call a poison control center or doctor. Do NOT induce vomiting.

Most important symptoms and effects, both acute and delayed
- Aspiration hazard, may cause dizziness or drowsiness if vapor is inhaled, causes skin irritation, causes serious eye irritation. Refer to Section 11 - Toxicological Information.

Indication of any immediate medical attention and special treatment needed

Notes to Physician
- Treat symptomatically and supportively. May present an aspiration hazard.

Section 5: Fire-Fighting Measures

Extinguishing media

Suitable Extinguishing Media
- Use CO2, dry chemical, or foam.

Unsuitable Extinguishing Media
- Water is unsuitable for use on burning material but may be used to cool containers exposed to heat.

Firefighting Procedures
- Do not allow fire fighting water to escape into waterways or sewers. Flammable aerosols exposed to high temperatures may rupture, rocket and cause secondary hazards. Move containers from fire area if you can do it without risk. Ventilate closed spaces before entering. Do not breathe gas/fumes/vapor/spray.

Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards
- Containers may explode when heated. Flammable aerosols exposed to high temperatures may rupture, rocket and cause secondary hazards. Flammable; may be ignited by heat, sparks or flames. At temperatures above 130°F, container may rupture.

Hazardous Combustion Products
- Carbon monoxide and carbon dioxide.

Advice for firefighters
- Wear positive pressure self-contained breathing apparatus (SCBA).

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions
- Approach leaking or punctured pressurized containers cautiously. Isolate leaking container from all sources of ignition. Ventilate the area before entry. Avoid breathing fumes.

Emergency Procedures
- ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Ventilate closed spaces before entering. Avoid unnecessary personnel and equipment traffic in the spill area.

Environmental precautions
Methods and material for containment and cleaning up

Containment/Clean-up Measures

- SMALL SPILLS: Take up with sand or other non-combustible absorbent material and place into containers for later disposal. Do not flush to sewer or allow to enter waterways.

Section 7 - Handling and Storage

Precautions for safe handling

Handling

- Keep away from fire - No Smoking. Contents under pressure, do not crush, puncture or incinerate. Exposure to temperatures above 130°F may cause bursting. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.

Conditions for safe storage, including any incompatibilities

Storage

Incompatible Materials or Ignition Sources

- Oxidizing agents. Heat, sparks, open flame.

Section 8 - Exposure Controls/Personal Protection

Control parameters

Exposure Limits/Guidelines

- No data available.

<table>
<thead>
<tr>
<th>Exposure Limits/Guidelines</th>
<th>ACGIH</th>
<th>NIOSH</th>
<th>OSHA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Propane (74-98-6) TWAs</td>

<td>1000 ppm TWA; 1800 mg/m3 TWA</td>
</tr>
</tbody>
</table>

Exposure Limits Supplemental

ACGIH

*Propane (74-98-6): TLV Basis - Critical Effects: (asphyxia (See Appendix F: Minimal Oxygen Content))

Exposure controls

Engineering Measures/Controls

- Use adequate ventilation to remove vapors (fumes, dust etc)

Personal Protective Equipment

Pictograms

- <image>

Respiratory

- Follow the OSHA respirator regulations found in 29 CFR 1910.134. Use a NIOSH/MSHA approved respirator if exposure limits are exceeded or symptoms are experienced.

Eye/Face

- Wear safety goggles.

Hands

- Impervious gloves.

Skin/Body

- If prolonged exposure is anticipated, it is recommended for handlers to wear appropriate clothing to prevent skin contact.

Environmental Exposure Controls

- Refer to Section 13 - Disposal Considerations.
**Section 9 - Physical and Chemical Properties**

### Section 10: Stability and Reactivity

#### Reactivity
- Non-reactive

#### Chemical stability
- Stable

#### Possibility of hazardous reactions
- Flammable, aerosols exposed to high temperatures may rupture, rocket and cause secondary hazards.

#### Conditions to avoid

#### Incompatible materials
- Store away from oxidizers.

#### Hazardous decomposition products
- None. However, as with any organic material, combustion will product carbon dioxide and possibly carbon monoxide.

Route(s) of entry/exposure • Inhalation, Skin, Eye, Ingestion.

Potential Health Effects

Inhalation
- Acute (Immediate) • May affect the central nervous system. Symptoms may include dizziness or drowsiness.
- Chronic (Delayed) • No data available.

Skin
- Acute (Immediate) • Causes skin irritation.
- Chronic (Delayed) • No data available.

Eye
- Acute (Immediate) • Causes serious eye irritation.
- Chronic (Delayed) • No data available.

Ingestion
- Acute (Immediate) • Aspiration Hazard - may be fatal if swallowed and enters airways.
- Chronic (Delayed) • No data available.

Other
- Chronic (Delayed) • None known.

Mutagenic Effects • No data available.

Carcinogenic Effects • No data available.

Reproductive Effects • No data available.

### Section 13 - Disposal Considerations

**Waste treatment methods**

**Product waste**
- Do not puncture or incinerate. If partly filled: Call your local solid waste agency for disposal instructions. Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

**Packaging waste**
- If empty: Place in trash or offer for recycling if available. Do not puncture or incinerate. Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

### Section 15 - Regulatory Information

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

**SARA Hazard Classifications**
- Acute
FIFRA – Pesticide Labeling

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

CAUTION

Hazard Statements

Keep out of reach of children.

Precautionary Statements

Hazard to Humans and Domestic Animals

PRECAUTIONARY STATEMENTS Hazards to Humans & Domestic Animals

CAUTION Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear safety glasses, safety goggles, or face shield. Wash Thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

First Aid

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice.

Note to Physician: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

Environmental Hazards

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
