PRODUCT FACTS

Imidacloprid, 1-[(6-Chloro-3-pyridinyl)methyl]-N nitro-2 imidazolidinimine ........................................................... 10.0%

EPA Reg. No. 432-1455     EPA Est. No. 33967-NJ-1

STOP - Read the label before use. Keep out of reach of children. CAUTION

First Aid:

• Do not induce vomiting unless told to by a poison control center or doctor.
• Have person sip a glass of water if able to swallow.
• If on skin or clothing, remove contaminated clothing.
• Do not apply water to areas of burning skin. Use wet clothing.
• If in eyes: Rinse skin immediately with plenty of water for 15 to 20 minutes.

PRECAUTIONARY STATEMENTS

CAUTION

• Do not apply water to areas of burning skin. Use wet clothing.

STORAGE AND DISPOSAL

Storage

Store in a cool, dry place and in such a manner as to prevent contact with food and other products, both animal and plant, and from excessive heat and humidity.

Disposal

Do not apply in or on open waterways. Do not contaminate water, food, or feed by either malapplied or excess product. Do not allow product to in contact with fish or vegetation.

FOR BEST RESULTS

- Do not apply inside food processing or manufacturing facilities.
- Do not apply bait on surfaces accessible to children or pets.
- Do not apply to non-target areas or to exposed food has been covered, or removed from the area being treated prior to application.
- For spray applications, use a fine mist or spray application and not a wetting agent. For paint-on applications, use a brush or paint applicator to apply solution smoothly.
- Do not apply to surfaces of pillars and other structures, etc. For best results, apply product on spots of 3 to 12 sq ft where house flies tend to rest.

APPLICATIONS

• Fast acting
• Use 16 oz of product in 1 gallon of finished spray to treat fly-resting surfaces in buildings with 2,000 sq ft of floor space.
• Around the outside of commercial and residential buildings where house flies are a nuisance or a health hazard.
• In and around animal feeding operations, including confinement facilities where house flies tend to be a nuisance or a health hazard.
• In and around animal confinement systems (mills, dairies, edible oils, syrups) of food.
• Food/Feed Handling Establishments

LIMITATIONS OF USE:
The use of this chemical in areas where soils are permeable, such as pillars and compartment walls.

ENVIRONMENTAL HAZARDS

- Avoid contact with sprayed surfaces until dry.
- When spraying surfaces, care must be taken only to spray places out of reach of children and pets.
- Applications in food/feed handling establishments are permitted ONLY in food/feed handling establishments, licensed veterinary hospitals, or in areas of public health institutions, restaurants, and dining areas.

INSTRUCTIONS FOR USE

- Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Return Policy in the box before opening the container.
- Upon opening container, read and understand the entire Directions for Use, Conditions, Disclaimer of Warranties and Return Policy in the box before application.

PRODUCT INFORMATION:

ACTIVE INGREDIENT: Imidacloprid

FORMULATION: 3% SC

WHO USES THIS PRODUCT?

Applications of the product may be made in locations such as buildings, on food/feed processing, and on animal confinement facilities. Use of the product may be made in livestock confinement areas.

USE LIMITS:
The use of this chemical in areas where soils are permeable, such as pillars and compartment walls.

APPLICATIONS:
The use of this chemical in areas where soils are permeable, such as pillars and compartment walls.

CONSUMER DISCLOSURE:

- The consumer is advised that the use of this product may be hazardous to the environment if improperly used or misapplied.
- The consumer is advised to follow all directions for use and to keep this product out of the reach of children and non-target animals.
- The consumer is advised to follow all directions for use and to keep this product out of the reach of children and non-target animals.

APPLICATIONS:
The use of this chemical in areas where soils are permeable, such as pillars and compartment walls.

CONSUMER DISCLOSURE:

- The consumer is advised that the use of this product may be hazardous to the environment if improperly used or misapplied.
- The consumer is advised to follow all directions for use and to keep this product out of the reach of children and non-target animals.
This product is a bait formulated to control house flies in rural and urban areas. It contains Z-9-Tricosene (0.1%) and is effective against flies resistant to organophosphates, carbamates, and pyrethroid insecticides. For spray applications, use 16 oz of product in 1 gallon of finished spray to treat fly-resting surfaces in buildings with 2,000 sq ft of floor space.

**First Aid**
- For contact with skin or clothing: Wash skin and clothing with soap and water.
- For contact with eyes: Rinse eyes immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor immediately for treatment advice.
- For contact with mouth: Rinse mouth thoroughly with plenty of water.

**Storage and Disposal**
- Store in a cool, dry place and in such a manner as to prevent contact with food and feed.
- Do not contaminate water, food, or feed by storage or disposal.

**Precautionary Statements**
- **REACH**
- **Hazard Class**
- **Signal Word**
- **Hazard Statement**

**Environmental Hazards**
- This product is highly toxic to bees exposed to direct application of spray.
- Do not apply this product on or near blossoms.

**Use Caution**
- **Health Hazards**
- **Physical Hazards**
- **Environmental Hazards**

**Incompatibilities**
- Do not mix with other materials.

**Restrictions**
- Applications of this product may leave a visible residue or discolor some materials. Applications in food/feed handling establishments are permitted ONLY in inconspicuous areas.
- Applications of this product may not be spaced closer than 10 ft apart, and should be located a minimum of 50 ft from any food/feed area to avoid treat.

**For Questions or Comments**
- Call toll-free 1-800-331-2867.

**For Best Results**
- Use in non-food/feed areas of commercial facilities, dog kennels, zoos, animal rearing facilities, schools, hospitals, schools, hospitals, food handling establishments, restaurants, and dining areas.

**Other Ingredients**
- EPA Reg. No. 432-1455
- EPA Est. No. 33967-NJ-1

**Other Information**
- This product is formulated for use in bait stations, fly traps, and other similar devices.
- For spray applications, apply in a fine mist to the areas where house flies are present.

**Storage**
- Store in a cool, dry place and in such a manner as to prevent contact with food and feed.
- Do not contaminate water, food, or feed by storage or disposal.
- Do not apply this product on or near blossoms.

**Warranty and Limitation of Liability**
- All warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose, are hereby disclaimed to the extent consistent with applicable law.
- The user’s sole and exclusive remedy and our exclusive liability for any breach of warranty of any kind, whether express or implied, and whether asserted in contract, tort, or otherwise, shall not exceed the purchase price paid, or otherwise, that extends beyond the statements made on this label. No warranties are made as to the condition, presence of other materials, or the manner of use or application, all of which are assumed by the user or buyer.

**Full Product Label**
- This product is formulated for use in bait stations, fly traps, and other similar devices.
- For spray applications, apply in a fine mist to the areas where house flies are present.
- Do not apply this product on or near blossoms.
